EDGE Balustrade System

Our balustrade system is supplied in kit form, ready to fit for an **easy installation** and offers an attractive, stylish and low maintenance solution.

During manufacture, the extrusions are tested for colour and gloss consistency, long-term colour retention, superior impact performance and dimensional integrity. The beauty of this uPVC is the **10 year warranty** and is **fully uv-stabilised** to ensure that it looks as good as the day it was installed.

The system comes in a range of colours and wood grain finishes.

Standard colours

White

Cream *

Wood grain foiled colours

Rosewood *
