on *Redux*<sup>TM</sup>

***Redux*<sup>TM</sup> is the result of many years of research and development to create a deck board that truly replicates timber boards.**

*Redux*<sup>TM</sup> has been cast from aged American Red Oak timbers to give that authentic oak appearance beautifully replicating 14 uniquely grained boards to give the deck the integrity of oak timbers.

Manufactured utilising solar energy and recycled plastics, *Redux*<sup>TM</sup> minimises the consumption of virgin materials in a board that's user friendly to install.

#### **AMERICAN RED OAK GRAINS**

Cast from 100 year old oak timbers for a bona fide aesthetic

#### **14 UNIQUE BOARDS**

Over 50 metres of unique wood grain provides an ultra realistic appearance

#### **HAND FINISHED**

The colouration of each *Redux*<sup>™</sup> board is finished by hand

#### **END GRAINS & SIDE GRAINS**

Cast on 5 sides displaying authentic grains on the top, side & end surfaces

#### **SELF-HEALING SCREW TECHNOLOGY**

*Redux*<sup>™</sup> will self-heal around screws so fixings are no longer visible

#### **SOFT TOUCH FINISH**

The surface of *Redux*<sup>™</sup> is soft to the touch giving it a luxurious feel

#### **MANUFACTURED WITH SOLAR**

Solar power and recycled materials reduces the use of virgin materials

#### **MOISTURE RESISTANT**

Contains no timber meaning *Redux*<sup>™</sup> is highly resistant to moisture

Redux™ deck boards are **textured on five sides** allowing decks to be constructed with truly authentic side and end grains on display, giving the deck a meticulous and unmatched likeness to timber not previously seen in the composite decking space.

Featuring a **soft-touch surface** that promotes a number of benefits including increased slip resistance and self healing technology which hides the screws under the surface of the deck giving a clean aesthetic with no visible fixings!
