A Composite Prime Product

Premium, extra strong
wind proof sustainable
Composite Fencing.

**BUILD
WITH
PRIME.**

HD FENCE™

A Composite Prime Product

HD Fence™ has been designed to be as versatile and easy to fit as possible. With multiple fitment options, the ability to retrofit into existing concrete posts and its contemporary double-sided design, **HD Fence™** can save up to half the time and cost compared to wooden fencing without compromising on the final result.
